

LOCAL GOVERNMENT

You know there are people all over the world who live in countries where they literally have no say in the way things are run.

Their governments oppress them, and if they dare to speak out, in some extreme situations, they will be killed for it, just for having a different view.

FLIP OVER FOR YOUR NEXT CHALLENGE

EARN THIS NUGGET

Visit a local government meeting, perhaps a town hall meeting, and see the system in action.

In America and the West, we value our freedom, and our liberty to govern ourselves. A government by the people, for the people. So, it sounds nice in theory, but for this Nugget, you are going to see it in action right where you live.

My challenge to you is to visit a local government meeting, perhaps a town hall meeting, and see the system in action. Listen to local people of the community make decisions about the community. Pay particular attention to the following:

- Who are the officials in the meeting?
- How did they get their position?
- What are the issues brought up or discussed?

You may not ever go into government, but understand, you are involved. You are part of the process, and your voice counts and you have the ability to make change.
